**ACADEMIC COURSE DESCRIPTION:**

US History is a required course for graduation from high school in the state of California and for entrance into the CSU and UC systems as a part of the a-g pathway for college admission.

Students in grade eleven study major turning points in American history in the twentieth century. Following a review of the nation's beginnings and the impact of the Enlightenment on U.S. democratic ideals, students build upon the tenth grade study of global industrialization to understand the emergence and impact of new technology and a corporate economy, including the social and cultural effects. They will trace the change in the ethnic composition of American society; the movement toward equal rights for racial minorities and women; and the role of the United States as a major world power. The course content taught is guided by the following California Public Schools History and Social Science Frameworks Questions, California Content Standards for Grade 11, and Common Core Standards:

1. How did the federal government grow between the late nineteenth and twenty-first centuries?
2. What does it mean to be an American in modern times?
3. How did the United States become a superpower?
4. How did the United States' population become more diverse over the twentieth century?

**COURSE FORMAT:**

The class consists of a combination of learning activities that will focus both on historical content and academic skill-building. Assignments throughout the course will practice and assess covered content and skills.

If you are anticipating an absence please contact the teacher before so arrangements can be made to assist you in continuing your learning around your circumstances.

## STUDENT EXPECTATIONS- DYNAMIC LEARNING ENVIRONMENT

- The virtual classroom is an extension of the traditional classroom. Please note that all school rules and policies will be applied in the virtual classroom environment. Please refer to the student handbook for policies.
- It is recommended that you turn on your video camera when we are in class. There will be times that it will be required to have your camera on to ensure engagement and attendance, as well as during assessments.
- ***NOTE: If there is an issue with having your camera on for the conditions listed above please contact the instructor ASAP to discuss your situation so we can resolve it.***
- Please have learning materials with you for class- these would include your textbook, paper, and pen or pencil.
- **District devices (Chromebooks) will have to be used for all assessments taken for both in-person and online instruction.** Non-district devices will be blocked from accessing the assessments, but will allow for access to most other assignments. Please contact the instructor with any issues on this before the first assessment.
- There is to be no video capture of Zoom Sessions by students or anyone else without teacher permission

**Masks/Food/Bathroom:**

- Please wear your mask at all times when you are in the classroom.
- If you need to leave to use the restroom, please ask Mrs. Martinez for permission.
- If you need to eat a snack or take a sip of your drink, please also ask Mrs. Martinez for permission to step out outside and do so. Do not eat or drink in the classroom.
- Do your best to wait to eat/drink until passing period.
