## **West Park High School to become the 6<sup>th</sup> comprehensive high school in the Roseville Joint Union High School District!**

ROSEVILLE, CA — West Park High School to become the 6th comprehensive high school in the Roseville Joint Union High School District!

On Tuesday night, the RJUHSB Board of Trustees reviewed data collected from the community for the past two years regarding the potential name, school colors and mascot for the planned 6th high school in West Roseville. The board unanimously supported the choices that reaped the most community support. The new school is designated to open August of 2020. The school will be known as the West Park High School Panthers, with the school colors being Navy Blue and Gold.

The district expects to break ground on the site this spring. A principal will be hired to lead the staffing, preparation, furnishing and program development for the school starting in July of 2019. The school will open with approximately 600 ninth and tenth graders in 2020. A grade level will be added each of the following two years.

The residents in the school's attendance area are very excited to finally have a neighborhood school to call their own.
