3. Identify one change you could make to your online profile (on Facebook, Twitter, Snapchat, My Space, Pinterest, etc) that would help you to present yourself in a more positive fashion.

IHS Orientation 3

Name			

- 4. True or False Creating a pseudonym on Facebook, instead of using your real name, will ensure that colleges will not be able to look up your profile.
- 5. From 2010 to 2011, the number of college admissions officers who said they had found negative information about a college applicant by doing an online search:
 - a. Stayed roughly the same
 - b. Decreased by 10%
 - c. Doubled in number
 - d. Tripled in number

Google Drive

ASSIGNMENT: SHARE a Google Drive document with me - tkringel@rjuhsd.us

A Google Account lets you access a variety of Google products such as Gmail, Google+, YouTube, and many more. A Google Account includes a Gmail address and a Google Profile, which will help you have a richer, more personalized experience across Google products.

You can create a Google Account by going to the <u>Account Creation page</u>, or by clicking the **Create an account** button on the top-right corner of any Google sign-in page. You can use your Google Account with all Google products, so once you create an account -- regardless of whether you do it through the Account Creation page or through a specific product's sign-in page -- you can use that username and password with any Google product.

To set up a GOOGLE ACCOUNT without a gmail, use the following link:
