

## Due to COVID-19 mandates issued by Governor Newsom, RJUHSD students are required to begin the 2020-2021 school year through distance learning.

Based on lessons learned from spring 2020, review of state guidance and reflection from stakeholder input, we have refined our approach to include expanded options that reflect the needs and concerns of families and staff while maintaining priorities for health, safety, robust instruction and support services.

Counseling, wellness and support programs will be more fully developed for a distance learning model

Prescribed times for class meetings to mirror a traditional learning environment

Assigned support opportunities for students who need more support

Increased training for teachers that build on previous knowledge incorporating multimedia, group learning for students and prescribed collaboration time

Grading system will reflect the degree of mastery by students, taking into account all learning conditions

## The Learning Partnership Teacher + Student + Parent

The Learning Partnership key to student success is rooted in:

Clear expectations ► Communication ► Structure

### Teacher

Establish clear expectations for learning, for success, for seeking assistance, proactively communicate with parents

Dynamic Learning Plan

### Student

Establish a genuine commitment to learning, be curious, self-advocate, establish regular work habits

### Parent

Establish clear expectations at home, provide a productive learning environment and support communication between student and teacher
