

Dear Parent or Guardian:

The Healthy Schools Act of 2000 requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites (see list below). Additional information can be obtained at the following Internet address www.cdpr.ca.gov/cfdocs/apps/schoolipm/overview/faq2000.pdf.

The Roseville Joint Union High School District has a safe pest management program. Our strategy has been focused on prevention of pest problems using no chemicals whenever possible and/or to use a pesticide chemical that is least toxic. Regardless, all application of pesticides has been done in a manner that minimizes exposure and risk to our students.

Parents or legal guardians may request prior notification of the individual pesticide application by completing and returning the form below to:

**Roseville High School
Attn: Registrar
1 Tiger Way
Roseville, CA 95678**

Beginning August 30, 2018, people listed on this registry will receive at least a 72-hour notification prior to pesticides being applied.

If you would like more information, please contact Mr. David Byrd at 782-3753.

The following list is the intended pesticides to be used during the 2018-2019 school year:
