October 23, 2020

Dear RJUHSD Employee,

Guidance from the California Department of Public Health recommends periodic surveillance testing for school staff. RJUHSD employees are highly encouraged (but not required) to participate in COVID-19 surveillance testing every other month. Surveillance testing for COVID-19 is provided at no cost to you as an employee.

RJUHS D Surveillance Testing Schedule:

November 2 - 6	Antelope / Woodcreek
November 9 -13	Granite Bay / Oakmont
November 30 - Dec.4	Roseville / Adelante / Independence / Roseville Adult
December 7-11	West Park / DO / Transportation / M&O / Tech / Food Services

If you would like to participate in the surveillance testing, you may schedule your test at an OptumServe Testing Site by calling (888) 634-1123 or by visiting www.lhi.care/covidtesting. Take your RJUHSD ID badge with you to your appointment for verification that you are an essential worker. Our testing site is located at the Rocklin Library – 4890 Granite Drive, Rocklin CA 95677. You may also get tested by your own healthcare provider if you choose.

Note: IF YOU ARE HAVING COVID-19 SYMPTOMS OR HAVE BEEN EXPOSED TO COVID-19, **do not go to the OptumServe Surveillance Testing Site. You must schedule a test with your healthcare provider or set up an appointment at the Seavey Center PCOE School Testing Site (www.placercoe.org/schooltestingsites.)*

Please work with your supervisor to coordinate a testing time that works best for your work location and during non-student time as much as possible. Most employees should be able to find a time during their workday to complete the testing.

After receiving test results, report your results on the [Surveillance Testing Reporting Form](#).

If you have any questions on this information, please email HRHelp@rjuhsd.us.

Sincerely,

Brad Basham, Assistant Superintendent, Human Resources

Diana Christensen, Director, Human Resources – Classified
