Letter grades of A, B, C, D, and F are used. A cumulative grade point average is computed using 4.0+ scale, and includes all work completed in grades 9 through 12. Student transcript includes both weighted and unweighted GPA as well as a 9 through 12 Academic GPA, which excludes all physical education/health grades, and a 10 through 12 Academic GPA, which excludes freshman year grades, as well as all physical education/health grades. All Advanced Placement, Honors, and board approved Community College classes are given weighted credit. If a course is repeated, only the higher grade is calculated into the GPA.
