Hello Titan students, parents, and families!

I hope you are all having an enjoyable and relaxing summer! We are so excited to kick off the 2022-2023 school year with all of you. The start of school can be a whirlwind for both new and returning families, so below is some important information and dates for you to know. Included in this email is also the bell schedule for the first day of school (No Backpack Day) and the bell schedules for the rest of the year.

As always, if you have any questions, please don't hesitate to contact us by phone or email.

Thank you, and Go Titans!

Lindsey Cutts

Principal, Antelope High School

Important Information:

- **Late Start Bell Schedule:** Our school bell schedule has shifted in accordance with new state law. School will start at 8:30 every day except Wednesday, which is our collaboration day and has a 9:30 start time.
- **Titan 28 (Intervention):** Titan 28 will take place later in the day, after third period. This is a time during the school day for students to get extra help from their teachers, work on homework, or study for upcoming assessments.
- **Attendance and Campus Safety:** When students arrive late or leave campus early they MUST go through the front office. The back area of campus (by CTE) and gym foyer area are not accessible for entry or exit during the school day under and circumstances. Parents, please help us keep our campus safe for everyone!
- **Traffic on Titan Drive:** Now that Titan Drive is opened through to Don Julio, traffic coming to campus at the start and end of school will be different than in past years. Please drive carefully, obey traffic rules, and allow extra time to get to and from campus, especially the first few weeks of school. *Please note that no left turns are allowed out of the front parking lot "drop off" area between 8am and 10am and between 3pm and 4pm.*
- **Construction:** The new snack bar area in our stadium is under construction and slated to be finished by early spring. Please be patient with any traffic slowdowns caused by this construction, and drive safely around construction workers and vehicles.
