FRESHMEN ADVISING SESSION

During spring Freshmen Advising meetings counselors will direct students to the “Do What You Are” inventory. This inventory will enhance their self-awareness, helping them to discover their preferences in communication, learning styles, social situations, and relationship strategies. This valuable information will become a useful tool in helping them make sure they are on the right path by using the results to make meaningful connections to the best course choices, college majors and careers.

SOPHOMORE ADVISING SESSIONS (2 parts)

Part 1: Topics covered during the Sophomore Advising held in November include transcript and graduation status review, testing for colleges, post-secondary options and academic, and college and career resources.

Part 2: Sophomore Classroom Advising includes taking the “Career Interest Profiler” which will match students with potential careers and college majors that fit their strengths and interests. Students can also begin their college research by utilizing the college “SuperMatch” feature to search for colleges that will best fit their needs.

JUNIOR ADVISING SESSIONS (2 parts)

Part 1: Topics covered during the Junior Advising held in late October include graduation and college requirements, SAT/ACT information, and timelines. After meeting with your student, counselors send home a copy of their transcript and a list of courses that need to be completed for graduation.

Part 2: Students will be re-familiarized with Naviance to learn how to utilize the college and career research tools in a classroom session held either in November or January. Additionally, a detailed Junior Advising Guide, containing information and resources pertaining to high school graduation and college preparation will be posted to our website and Naviance.

SENIOR ADVISING SESSION

Topics covered during the Senior Advising session, held in September, include graduation status, college application process, handling letters of recommendations and transcript needs, career search information, and critical deadlines. Students receive a senior checklist & timeline of important dates. After this advising session, counselors send home a copy of the transcript and a list of courses that

need to be completed for graduation. Additionally, a detailed Senior Advising Guide containing information and resources pertaining to high school graduation and college preparation is posted on the GBHS Counseling Website and Naviance.

SCHOLARSHIPS

Scholarships are posted on Naviance under the “College” tab, located at the bottom of the page. There is also a National Scholarship Search link that all students can utilize through Naviance.

Each February RJUHSD makes available to all seniors the Local Scholarship Program. These scholarships are supported by local organizations and seniors are encouraged to apply through the College & Career Center. Please make sure to check Naviance and the Granite Bay High School website for information.

COUNSELING WEB SITE

Please take the time to review the Counseling link on the school web site at www.granitebayhigh.org – look under “Quick Links” or under “Academics.” It is a wealth of information for parents and students.
