

## MITEL - HOW TO CLEAR FALSE MESSAGES

If your phone flashes a message and it calls to another line please follow the steps below.

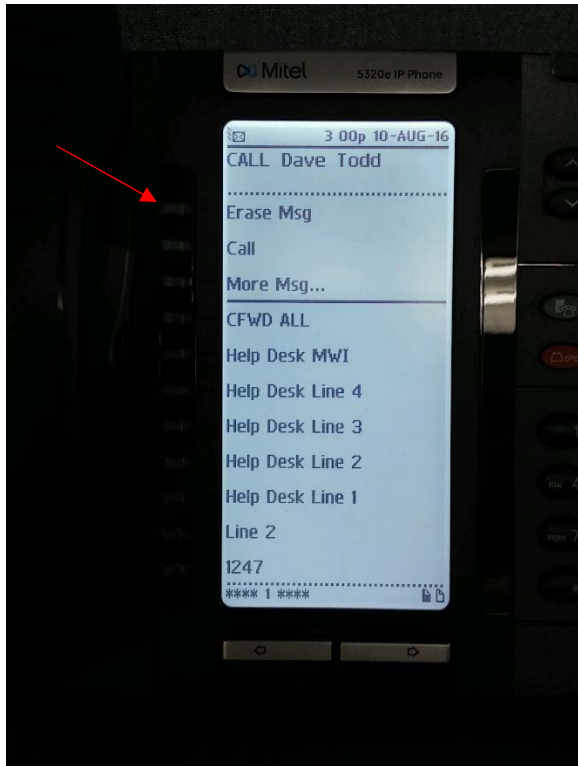

1. With the handset on the receiver, press the **flashing orange message** button.

2. Press the button next to **Read Message**.

3. Press the **Erase Msg** button.

4. The phone should now read **NO MORE MESSAGES** and you can now press the flashing orange message button to check your voice mail again.
