

ACKNOWLEDGEMENT OF RISK STUDENT PARTICIPATION IN ATHLETICS

The California Department of Public Health is allowing the Roseville Joint Union High School District to implement sports training and conditioning under specific circumstances. This is a positive step in preparing our student athletes for the upcoming seasons and improving their overall physical and mental health.

We understand that some athletes and/or their parents may have concerns with returning to play given the state of COVID-19 in our region. **Participation is completely optional and is not a requirement for trying out for the high school team.** If any student athlete feels pressured or concerned about not participating, please inform them to contact the school's athletic director or school administration.

Precautions and Considerations

Physical distancing, in combination with the use of face coverings, decreases the risk of COVID-19 from respiratory droplets. Physical distancing must be maintained as much as possible, and adults and students must use face coverings at all times, pursuant to the [CDPH Schools Guidance](#) regarding face coverings.
