State Disability Insurance (SDI) Acknowledgement ALL Employees (Permanent/Substitute)

Please be advised that Roseville Joint Union High School District (RJUHSD) does not participate in the **California State Disability Insurance (SDI) program** on behalf of employees. Therefore, *you do not have State Disability Insurance (SDI) coverage with RJUHSD.* The State of California Disability Insurance (EDD) may deny future claims for non-work disability related claims since RJUHSD is a non-participating employer.

Permanent Employees:

Optional disability benefits are available through payroll voluntary deductions. As a permanent employee, with permanent salaries, you may purchase disability benefits directly from one of our approved providers. Permanent employees must contact the provider directly to purchase such benefits. You **MUST** sign up with the vendor, **there is NO auto-enrollment for disability through the providers.** Once you completed your enrollment with the provider, in turn, the provider will send request of premium deduction to Payroll. ***Disability providers and the benefits they offer are not associated or affiliated with RJUHSD.*** It is **your** responsibility to make sure that you review and completely understand the benefits' policy before purchasing disability benefits.

Non-permanent (substitute) Employees:

Optional disability plans are not available to non-permanent employees since you have no set permanent salary to deduct premiums from.

I acknowledge that I have been informed that Roseville Joint Union HSD does NOT participate in the State Disability program. Roseville Joint Union HSD cannot assist employees' state disability related questions because it is a non-participating employer.
