

Roseville Joint Union High School District
INTERDISTRICT ATTENDANCE AGREEMENTS INFORMATION
FOR THE 2018-2019 SCHOOL YEAR

While students are generally expected to attend school in their **district attendance area**, the laws of the State of California and the policies of the Roseville Joint Union High School District Board of Trustees do allow various options. A summary of the options available through the Education Code is on Page 2 of this notice. Please note that the District has **not** chosen to become a “District of Choice” as allowed by Senate Bill 680 (2009). The District does, however, accept Interdistrict Transfers up to the enrollment caps established for each school, assuming the transfer is in the best interest of the student and the receiving school. Transfer students must be released by their home district in order to be accepted into the Roseville Joint High School District.

The following information is for students seeking enrollment in the Roseville Joint Union High School District from another district. For the 2018-2019 school year, the District will allow Interdistrict Transfers to all district schools in grades 9 through 12 based upon limited openings at each site. Consideration will be given to continuing students and their concurrently enrolled siblings at each school. Based on the provisions of the law and the applicable board policies, the Roseville Joint Union High School District presents the following information:

APPLICATIONS

The Interdistrict Application Form for **out-going** RJUHSD students **is not** available on-line. The form can be obtained at the RJUHSD District Office, 1750 Cirby Way, Roseville, CA. 95661. Office hours are Mon-Fri., 7:30 am to 4:30 pm.

DEADLINE

All Interdistrict transfer applications must be applied for at a student’s **resident District Office** by **Friday, February 23, 2018 at 4:00 pm**. Because important financial and staffing decisions will be made, based on student choices, applications received after February 23, 2018 may not be considered. **PLEASE NOTE: Interdistrict transfer applications must include a copy of the student’s most recent grades, an attendance report and disciplinary records from their current school in order for them to be processed by RJUHSD.**

RESIDENTIAL ELIGIBILITY FOR ATHLETICS

Student transfers most likely will affect athletic eligibility. The California Interscholastic Federation governs high school athletics. Athletic eligibility information is available at: www.cifsjs.org (Constitution: Article 2, Eligibility Requirements: “Transfer Eligibility,” Bylaw 214).

Choosing a Student's School Outside the District in which Parents/Guardians Live A Summary of School Attendance Alternatives in California

Parents/guardians have three options for choosing a school outside the district in which they live.

1. SB 680 (2009) Districts of Choice

The law (Education Code Sections 48300 through 48316) allows, but does not require, each school district to become a "District of Choice," that is, a district that accepts transfer students from outside the district under the terms of these education code sections. The school board of a district that decides to become a "district of choice" must determine the number of students it is willing to accept in this category each year and make sure the students are selected through a "random and unbiased" process, which usually is a lottery. Students may transfer into a "district of choice" through this mechanism beginning with the 1995-1996 school year. If the district into which a parent/guardian would like his/her child transferred chooses not to become a "district of choice," a parent/guardian may not request a transfer under those provisions. However, a parent/guardian may still request a transfer under either the "Other Interdistrict Transfers" or the "Parental Employment in Lieu of Residency" options described below. Other provisions of SB 680 include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district or a court-ordered or voluntary desegregation plan. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Siblings of students attending school in the "district of choice" must be given transfer priority.
- A parent/guardian may request transportation assistance within the boundaries of the "district of choice." The district is required to provide transportation only to the extent it already does so.

2. Other Interdistrict Transfers

The law [Education Code Sections 46600 through 46221] allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. There are no statutory limitations on the kinds of terms and conditions districts are allowed to place on transfers. The law on interdistrict transfers also provides for the following:

- Both the school district a parent/guardian is requesting a transfer to and the one a parent/guardian is transferring from must take into consideration the child care needs of the student. If the transfer is approved based on child care needs, the student may be allowed to stay in the new district or the high school district to which it feeds through the 12th grade, subject to certain conditions.
- If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.
- No district is required to provide transportation to a student who transfers into the district.

3. Parental Employment in Lieu of Residency Transfers ("Allen Bill Transfers")

The law [Education Code Section 480204(f)] provides that if one or both parents/guardians of an **elementary school student** are employed in the boundaries of a school district other than the one in which they live, the student may be considered a resident of the school district in which his/her parents/guardians work. This code section does not require that the school district automatically accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. **Due to impacted enrollment, RJUHSD does not accept "Allen Bill Transfers" from its feeder schools.**

The above summary of the attendance alternatives available to parents/guardians and their children is intended to provide an overview of the laws applying to each alternative. Parents/guardians who are interested in learning more about these options should contact their own school district or the district into which they are considering transferring for more information on the district's policies, procedures and timelines for applying for transfers.
