CULTURAL DIVERSITY COMMITMENT

Oakmont High School strives to provide a safe and healthy learning environment and a high-quality education to many students from many diverse backgrounds and with differing interests and goals. The concept of diversity includes tolerance, acceptance, and **respect**. We will embrace and celebrate diversity. Oakmont High School faculty and staff have a **responsibility** to provide an education that highlights different perspectives in and out of the classroom setting. The Oakmont staff works with all stakeholders to implement educational strategies that help to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.

Oakmont recognizes different backgrounds and includes members of groups that experience discrimination or under representation. We demonstrate our **integrity** by protecting all members of our community against discrimination based on race, color, religion, sex, sexual orientation, age, national or ethnic origin, physical or mental disability, marital or veteran status or any other characteristic or status protected by state or federal laws is vital for our diverse population. At the same time, Oakmont is committed to helping **engage** our underrepresented students, so that they feel connected to Oakmont and its community.

Academic Honesty Policy

Our Philosophy

Oakmont High School has a commitment to academic honesty. The Viking Expectation of Integrity affirms that we believe in the intrinsic value learning, and that we therefore demand personal integrity and intellectual honesty in all academic work and related interactions.

Having academic and social integrity means valuing and demonstrating positive regard for:

1. Intellectual honesty
2. Personal truthfulness
3. Learning for the sake of learning
4. The creations and opinions of others (i.e., intellectual property)

Academic Malpractice

A) Plagiarism

Plagiarism is defined as using another person's words, pictures, charts, or ideas without properly giving that person credit. Using another person's intellectual property without citation is theft. At Oakmont High School, students are taught how to use the ideas of other's as evidence to develop their thoughts, not as a substitution for their own ideas. Students are taught that plagiarism will not be accepted.

There are three types of plagiarism:

- Direct copying of material without proper citation. This includes cutting and pasting from websites and copying directly from a book.
- Use of large segments (sentences or even phrases) of un-cited, copied wording mixed in with your own words.
- Relying heavily on a source instead of using the ideas in the source to establish your own thoughts.

Examples of plagiarism include (but are not limited to) the following:

- copying answers to Math homework from a friend during tutor group
- cutting and pasting material off the internet and using it in a speech or essay
- having a tutor edit and rewrite parts of your work
- having an outside source build a model or paint something for Art Class
- repeating the exact words used by your teacher given in class (verbally or in writing)
- copying dance sequences from music video sequences in PE class
- pasting pictures in your research work without citing the original source for Art
- rewriting a paragraph in basically your own words, but clearly only using the ideas and structure of the source you are reading
- changing the lines of a published play without the consent of the playwright

B) Collusion

Collusion is defined as a secret agreement between two parties to commit a fraudulent act; therefore supporting the academically dishonest behavior of another student. This could include allowing one's homework or an assignment to be copied or submitted for assessment by another student or sharing answers to a test. This includes work completed in previous years. An example of collusion is the sharing of work between siblings in different year levels.

It is important to note that collaboration is different from collusion. Ideal collaboration occurs where a group task is divided and equal contributions are made. You will, at times, be asked to collaborate with other students; a science lab where your group comes up with shared data would be a good example. In this case, however, the shared data should lead to the production of an individual and unique piece of work.

Collusion is also a serious academic offense. Examples of collusion include (but are not limited to) the following:

- giving a friend in the same class a copy of the homework
- allowing your essay or assignment to be copied
- telling a student what material appears on a Math test
- hiding the truth from a teacher when you know someone is cheating

Enforcement of these policies

The tools and technology at the disposal for Oakmont High School staff and students are: the Certificated Library Media Teacher, EasyBib (full suite and citation tools), SafeAssign (through BlackBoard), database citation tools, and DiscoveryStreaming (with citation tools).

Academic Dishonesty is a serious academic offense which carries severe penalties. Our first goal is to provide resources to remediate the malpractice through intervention and re-teaching of referencing skills. In the case of willful malpractice, the Oakmont discipline policy will be enforced which may include (but is not limited to): after school detention, parent conference or administrative referral. Teachers may recommend additional remediation or consequences for academic dishonesty based on their written course syllabus/class policies.

Referencing

While many different citation standards exist, Oakmont High School staff will be using at least one of the following: Chicago, MLA, or APA. These styles will be explicitly taught in different subjects across different grade levels at Oakmont High School. Students should consult directly with each teacher regarding subject specific requirements.

Ultimately, it's most important that students make a distinction between their own ideas and those of others with proper citations.

Strategies to help promote academic honesty

- Always take notes in your own words, and never write your answers or essay while directly looking at your textbook or other source of information. Use quotation marks to identify someone else's words.
- Try to combine information from different sources; when carrying out research, don't just use one source of information.
- Avoid "cutting and pasting" large parts of text from the internet.
- Always properly cite sources in footnotes and a bibliography according to the teacher's instructions for that particular assignment.
- Remember that your teacher wants to know your ideas and read your words, not the ideas and words of someone else.
- If a friend asks you what is on a test or asks you to complete their homework, explain why you cannot do so. Explain to your friend that they are putting your grades and student record at risk.
- Always contribute as much as you can in group work so you do not end up taking the ideas of others.

Counselors

Guidance counselors and school psychologist are available for student's academic and personal needs. Fill out a blue *Request to see counselor* form in the office. The counselors will call you out of class using a call slip sent from the office.

- Oakmont student athletes and parents are required to attend a seasonal sport orientation meeting in order to participate in OHS athletics.
- Oakmont is a member of:
 - Capital Valley Conference (CVC)
 - SAC – Joaquin Section
 - California Interscholastic Federation (CIF)
- Oakmont is governed by the California Interscholastic Federation (C.I.F.) rules and regulations of C.I.F. will apply.

- Must be passing three of four (4 x 4 students) classes during the preceding grading period.
- G.P.A. of 2.0 in all enrolled classes

Academic Probation

- One period of probation during high school enrollment, beginning with the first school (9th grade) grading period.
- Granted only if the student has met one of the two academic eligibility requirements.
- **BELOW BOTH STANDARDS WILL NOT BE GRANTED PROBATION**

Athletic Clearance Process

- Every athlete must have clearance prior to beginning practice.
- The student and the student's parent or guardian must complete the online athletic clearance process. The online process includes:
 - Insurance verification
 - Parent permission form for transportation and medical treatment
 - Yearly physical completed after July 1 of new school year
 - Health history
- Parents or guardians will receive an email through the online system. Students then may see the athletic secretary for their "ticket to try-out".

Cheer and Stunt Squad

- Because of the dual responsibility of the school cheer squad, which includes performance and leadership roles, the squad is bound by both athletic and student leadership conduct. As an intrinsic part of the school leadership program, the squad's code of conduct and eligibility is congruent with that of student body officers. Because the cheer & stunt squad participates in outside competition, requirements for athletic clearance, academic probation, training rules, sportsmanship, attendance and procedures for leaving a team are congruent with athletic team guidelines. Competitive Cheer season follows all guidelines as stated in the CIF by-laws.

Dance Team

- The OHS Dance Team generally performs at athletic half times, competitions and other events. Because the team participates in outside competition, requirements for athletic clearance, academic probation, sportsmanship, attendance and procedures for leaving a team are congruent with athletic team guidelines.

Leaving a Team

- Refer to athletic handbook for further details.
- Students are encouraged to try a variety of sports, and a student may leave a team during the first two (2) weeks of practice without penalty by personally notifying the coach that they no longer wish to participate. Students leaving a team after the two-week try-out period must communicate with the coach to determine the consequences, if any, for leaving the team.

Outside Competition

- Students on a high school team become ineligible if the student competes in a contest on an "outside" team, in the same sport during the student's high school season of sport.
- Student guilty of competing on the student's school team after an infraction of the above rule becomes immediately ineligible for a number of contests equal to twice the number of contests of outside competition in which the student participated.
- Games, in which this student participated, after the infraction of the rule, shall be forfeited.
- A high school team member may participate in a spontaneous recreational activity or game in which sides or teams are chosen without regard to players representing any group or organization. Such participation would not cause loss of eligibility.

Residential Eligibility

- The California Interscholastic Federation requires that students must be living with parents or legal guardians within the school's attendance boundaries.
- All exceptions require special permission and that forms and letters of approval be on file before student can be declared eligible.
- Any athlete known to be using a false address or otherwise not being honest about a residence places the entire team in jeopardy.
- Student should be reported to the coach to avoid penalizing the entire team.

Training Rules

The use of tobacco, alcohol, steroids or performance-enhancing substances, nicotine and/or related paraphernalia is not acceptable and will not be tolerated for high school student-athletes

for health and safety reasons. Any student, who uses or possesses alcohol, steroids or performance-enhancing substances, tobacco, nicotine and/or related paraphernalia shall be ineligible for a minimum of six (6) weeks from the date of the infraction excluding vacation periods.

- A student may regain eligibility any time after six weeks by successfully completing three (3) district-sponsored substance abuse programs or a comparable outside program. Students **not** completing an approved substance abuse program will remain ineligible for a period of **one calendar year** from date of the infraction.
- A second offense involving alcohol or drugs including steroids or performance-enhancing substances, tobacco, nicotine and/or related paraphernalia which occurs at any time in the four years of high school will cause the student to be ineligible for one (1) calendar year from the date of the infraction. Refer to Athletic Handbook for appeal procedures.
- Any student involved in the *sale* of drugs or alcohol including steroids or performance-enhancing substances, tobacco, nicotine and/or related paraphernalia will be ineligible for one (1) calendar year from the date of the infraction. The student may not continue practice nor participate with the team during the period of ineligibility.

Transportation

- Students are normally expected to go and return on district-provided transportation when provided.
- At the coach's discretion, students may be signed off the bus by their parents only.
- Releasing students from returning on a bus requires a special release form and arrangements should be made at least on day prior to the contest.

ATTENDANCE

The Board of Trustees believes that regular attendance plays a significant role in student achievement. Furthermore, the Board recognizes its responsibility under the law to ensure that students attend school regularly. Parents/guardians of children ages 6 to 18 are obligated to send their children to school unless otherwise provided by law. Furthermore, to maximize student attendance in school, the Board recognizes the need to adopt a policy addressing excessive student absences and/or tardiness that constitute an irregular attendance pattern that adversely affects the student's ability to learn. Excessive absences and/or tardiness are defined as patterns of student non-attendance at school due to prolonged or repeated illnesses, truant conduct, or tardiness, including but not limited to:

- 1. Absences/truant conduct/tardiness of 10 or more school days in a school year for illness without written verification by a medical professional, and**
 - 2. Any pattern of repeated absences and/or truant tardiness that adversely affects the student's academic progress.**
- Board Policy 5000*

- Students must be excused from the office *before* the student leaves the campus during school hours.
- Before student is issued a "Special" to leave campus, permission must be given by a parent, guardian or person given such authority by the parent or guardian on the emergency card. Failure to secure a Special before leaving campus may result in a truancy and suspension. Calling AFTER THE FACT will *NOT* clear the absence.
- If a parent/guardian comes in the office to check out a student, the office staff must have 30 minutes notice. No students will be called out 30 minutes before the end of school.

- Students must remain on the school grounds from the time of arrival in the morning until departure after school, including lunch periods. Any violation of this policy may result in a suspension.
- No students are permitted in the parking lot or bus zone during the school day except by special permission of the office.
- For the safety of our students, NO visitors are allowed on campus during the school day unless prior approval is obtained through the principal's office. This includes special performances and rallies. Please review our visitor policy for more information

Clearing Absences

It is the parent's responsibility to clear their student's absence. All absences that are not cleared after three days will be automatically registered as a CUT in our computer system.

- Please call the attendance hotline 916-782-0464 to clear your students all day absence, except when written verification by a medical professional is required by Board Policy. Medical notes must be provided within 2 weeks of the absence.

OR

- Parents can send a written note from parent/guardian, parent representative, or student if 18 or older, except when written verification by a medical professional is required by Board Policy. The note must include:
 - a. Name of student
 - b. Date(s) of absence
 - c. Reason for absence
 - d. Phone Number
 - e. Name of parent/guardian or parent representative and signature

If your student was incorrectly marked absent, your student needs to pick up a blue period clearance slip from the Attendance Office, get it verified and signed by the teacher that the student was present and then return it back to the Attendance office.

Forgery of a note or any other school document is grounds for immediate suspension.

Early Dismissal

- Students need to bring a note to the Attendance Window before school to pick up their "special" pass.

OR

- Call Attendance at 916-782-3781 x 2010 before school and have student come before school to pick up their pass.
- Students who are not feeling well should go directly to the Nurses office. The Nurse can make sure that the student is taken care of, call their Parents/Legal Guardians, and dismiss them from class.

Last Minute Appointments

If an appointment is scheduled "last minute", call the Attendance Office as soon as possible to allow enough time to pull your student. REMEMBER: Attendance needs a MINIMUM of 30 minutes to pull a student from class. *We will not accept requests for student dismissals the last 30 minutes of the school day.* If your student is sick, students need to report to the school nurse.

Late Arrivals

Students who arrive late to school must receive a readmit slip from the attendance office. Have the student bring a note or parent/guardian call 916-782-3781 x2010 to excuse the late arrival.

Making-up Assignments

Students will have the number of days they were absent to complete any work assigned during an excused absence. It is the student's responsibility to obtain make-up assignments from the teacher when they return.

- Time begins the day after re-admission to school and may be extended by the teacher.
- Assignments given before the absence will be due upon the day the student returns.
- Teachers may deny make up work to students when the absence is unexcused.

STUDENT TECHNOLOGY/NETWORK/INTERNET ACCEPTABLE USE RULES

The Roseville Joint Union High School District (RJUUSD) recognizes that technology, including network and Internet services offers a wide variety of opportunities to further educational goals

and objectives and therefore provides technology services and network access to its staff and students. Access to these vast resources and information is an educational opportunity requiring responsible use by each individual. As such, every RJUHSD user should act in an ethical and legal manner consistent with district goals and objectives and should conform to educationally appropriate use and network etiquette that includes being polite, using appropriate language, and respecting the privacy of others.

Users of RJUHSD technology and network services should remember that the level of confidentiality on district-owned computers may not be the same as that expected when using their own equipment or Internet services. Electronic communications*, files and other Internet records may be examined for educational and administrative purposes and to verify that acceptable-use guidelines are being followed. (*For purposes of this document, electronic communications include but are not limited to e-mail, chat, and instant messaging.) RJUHSD has taken reasonable steps to ensure that technology services and network use is primarily for activities that support district goals and objectives. While the District has deployed Internet content filtering technology in the interest of keeping harmful and inappropriate content from being accessed, Internet content filtering is not a perfect science and it may be possible for users of the Internet to access information that is intended for adults. Likewise, computer security cannot be made perfect and it is possible that a determined user can make use of computer resources for inappropriate purposes. RJUHSD believes that the benefits of Internet access in the form of information resources and opportunities for collaboration far exceed any disadvantages. Ultimately, parent(s) and guardian(s) of minors are responsible for setting and conveying the standards that their child or ward should follow. Use of the District technology, network services, and the Internet is a privilege that may be revoked at any time for inappropriate conduct. The use of the Internet, network, and technology services are strictly limited to educational purposes.

Responsibility

As a user of the RJUHSD technology services, network and Internet connections, I agree to:

- Use my network access in an acceptable manner, follow all district rules and regulations regarding network use, including being polite, using appropriate language, and for educational purposes only.
- Use on-line time and other technology/network resources efficiently.
- Report any known misuse of technology or network services to the appropriate teacher, administrator, or the District Office.
- If I have been issued an individual network account, I will be the sole user of it. I will protect my account by not giving out my password and I will report any suspected misuse to the appropriate teacher or administrator. I will be responsible for all use by this account.
- Follow all applicable copyright laws. I understand that inappropriately copying or misusing other people's work may be considered plagiarism. Likewise, any work that I create through the use of the RJUHSD technology services/network is my own property, yet it is subject to all of the guidelines in this agreement.
- Assist in keeping the RJUHSD network free from virus or other malicious attacks by refraining from opening attachments from unknown sources and being alert to warnings.

INAPPROPRIATE TECHNOLOGY/NETWORK/ON-LINE CONDUCT includes, but not limited to:

- Using technology or network services for illegal activities, including unauthorized installation, use, storage, or distribution of copyrighted software or materials in violation of copyright laws.

- Unauthorized installation or use of any software or hardware not belonging to, or properly licensed by the District (e.g., games, applications, operating systems, “shareware”, computer components, and peripherals).
- Accessing, posting, submitting, publishing or displaying harmful or inappropriate matter that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, gender, sexual orientation, age, disability, religion or political beliefs. California Penal Code Section 313(a).
- Using technology or network services for private business, commercial enterprise, or for political activities.
- Use of another individual’s name, user account, or password.
- Allowing another user access to your account.
- Sharing electronic account passwords, leaving passwords available in obvious locations, or leaving “signed on” or “logged on” computers unattended.
- Disclosure, use, or dissemination of personal identification or “contact information” about oneself or others when using electronic communication. Students are also cautioned not to disclose such information by other means to individuals located through the Internet without the permission of staff members and are urged to discuss on-line privacy issues with their parents or guardian. Personal information includes the student’s name, address, telephone number, Social Security number, or other individually identifiable information.
