

GET READY

FOR THE 16-17

SCHOOL YEAR

GET IMMUNIZED

1

Contact your provider

All children are eligible for medical coverage which provides all the recommended and required immunizations. If your child is uninsured, contact Covered California at 1.800.300.1506 or www.coveredca.com

2

Make an appointment

Summer is a busy time of year for family practice and pediatric offices. Be proactive and call today to make your child's well visit and immunization appointment to ensure your kids have their required shots before school starts.

3

Get your child immunized

Protect your child against preventable diseases. Remember children are required to be fully immunized prior to starting school.

The California Immunization Law goes into effect July 1st, 2016 and requires all children attending childcare and schools to be vaccinated. No new personal belief exemptions may be filed as of January 1st, 2016. Visit shotsforschools.org for more info
