

Oakmont Instrumental Music Program Mission Statement

We, the Oakmont High School Instrumental Music Program, believe in excelling through musical and visual arts to entertain and move an audience.

We believe in providing a safe and welcoming environment for dedicated musicians and color guard members to join together with passion to create music and the visual interpretation of the music.

We foster support for the program from donors, middle schools, and our community audience. Our program's impact on the students and the community is the satisfaction of a hard working year, which leads to personal growth and planting the seeds for a successful future.
