

QUICK START GUIDE

It's easy to get started!

- **1-KNOW YOUR PD**

We need your PD (pupillary distance) to make your glasses. If you don't have it already, check out our DIY [How to Measure Your PD](#) video.

- **2-VIRTUAL TRY-ON**

See exactly how any frame will look and fit on your face with our 180-degree [Virtual Try-On](#) tool.

- **3-FIND A PAIR YOU'LL LOVE**

Browse our [Men](#), [Women](#), [Kids](#), or [Featured](#) pages and use our handy filters to narrow down your search. All glasses include FREE anti-scratch coating, single vision lens, UV protection, hard case, and cleaning cloth.

- **4-HAVE YOUR PRESCRIPTION READY**

You'll need to type in your prescription to complete your order, so have it handy. Need help reading your prescription? Check our [FAQ](#).
