RFP Questions
Posted December 10, 2021

Question: Your RFP has a list of Aruba Central Licenses, do you already have an existing Aruba Central configuration or is this going to be a fresh Aruba Central build from scratch?

Answer: The District does already have an existing Aruba Central configuration. The switch foundation licenses are for existing Aruba switch equipment.

Question: Additionally, on the cabling infrastructure we initially intended not to bid this, however it seems we may have the ability to and want to confirm we can without the 12/1 walkthrough.

Answer: The walk through is not required to submit a bid.
