Principal's Message

I don't know about you, but I have been waiting for fall, and it seems like it finally got here. The cool days and nights make for relaxing weekends with a cozy blanket. Fall and winter also bring much-needed rain. I actually enjoy the rain, but it does create some inconveniences on campus, especially with our parking lot. I want to thank everyone who has been patient with all the construction and its impact on our parking lot. I wish I could say it was going to get better, but with the rainy season upon us, I suspect it's going to be even more challenging. Unfortunately, this means that you will need to leave even earlier when it's raining to account for the added traffic in our parking lot. This is the new normal until our new district building is complete. On a more positive note, I'd like to share some good news. Our Superintendent and Board President held a State of the District address a couple of weeks ago. They announced our Boards goals for the district and some of the actions our Superintendent plans to take to achieve those goals. One of those actions is initiating the process to build our much-awaited new pool. Our Superintendent also plans on working on reconfiguring the layout of our campus by giving Oakmont a new classroom building. I want to thank our Superintendent and our Board President for their commitment to Oakmont and its success.

Health Academy

At the beginning of the month, students from the Oakmont Health Careers Academy volunteered their time to set up and facilitate an event where over 500 youths and teens were screened heart anomalies that can cause sudden cardiac arrest (SCA). Undiagnosed heart issues are the main cause of SCA's and on October 1st Oakmont High School partnered with Project Adam, a UC Davis Children's Hospital non-profit, the Kyle J. Taylor Foundation, and volunteer community health workers to screen the hearts of our community's youth and teens, all free of charge. The Oakmont Health Academy is proud to stand alongside our partners to provide opportunities to better the health and well-being of our families and community.

Career Spotlight

I had the privilege of sitting in on a presentation in Mr. Campbell's 3rd Period Military History Class. The presenter was Chief Warrant Officer Five Mike Corsaro of the US Army. CW5 Corsaro shared some of his rewarding experiences in the 30 years of his Army career. There were a lot of great questions and students came away with a sense of what it means to be a part of the Army Family and what it might take to be an Army Pilot like CW5 Corsaro. Thank you to Mr. Campbell for introducing his students to real life experiences and career opportunities. And to CW5 Corsaro, "Thank you for your Service, Sir!"
