## Principal's Message

*A new season is quickly approaching us along with the last quarter of the year. It's always surprising to see how quickly the year passes us by. The last quarter of the year brings about state testing, AP and IB testing, and some fun events too. Oakmont has always fared well in state testing as compared to the other schools in our district. Our scores have consistently been in the top and we want to keep it that way. Some of the benefits of AP and IB testing include earning college credit or special recognition. What many people don't know is that doing well on CAASPP also comes with benefits. Students who do well on CAASPP may bypass entrance level exams for some colleges, students can qualify for the Seal of Biliteracy, and in general give us some bragging rights for our school and our community. We pride ourselves in preparing our students for these exams, but we also need your partnership to support their best performance. Be on the lookout for emails for testing dates to ensure your students are prepared to show us their best work.*
