RFP 24-100: Data Transport

Q1: Do you approve of Comcast response under the State Master Contract – CalNet DNCS (month-to-month) in lieu of 36 Month term with option for two (2) annual extensions term agreement?

Use the CALNET Statewide Contracts?

CALNET Contracts provide robust, reliable, and high availability telecommunications services at special rates. CALNET offers awarded contractors a larger customer base than any other qualified government purchasing vehicle in California, which encourages contractors to offer better services at lower pricing and more favorable terms, conditions, and Service Level Agreements (SLAs). CALNET benefits:

- Cost-effective, reliable services
- Competitively bid (Eliminates individual customer procurement costs and risks.)
- **Industry-standard or better Service Level Agreements**
- **Excellent customer support**
- **No term commitment** for standard catalog priced services

A1: Roseville Joint Union High School District will entertain all bids responses. The District would prefer a standalone contract with no admin fees.
