1. Call to order (Hasty)
  - a. Introductions
2. Approval of Minutes: Minutes Approved
3. Opportunity for Public Input (no represents appeared)
4. Committee Report
  - a. Student Update: Senior retreat coming up. Winter Ball was very successful but they have some concerns about the popularity of the DJ. In regards to the lockdown, students over all felt well prepared, supported and impressed with the speed everything was handled. They were concerned with the disrespect some of their peers showed by continuing to talk and or using their phones. They would like consequences for thoses that didn't follow protocol. The following day students reported being very supported by staff. Representatives requested more buckets and a further understanding of what would happen if lockdown continued.
  - b. Parents: Very happy with how the lockdown was dealt with and communication provided was clear and appropriate. Thanked staff again for the support offered to all students and the avenue for students to express concerns.
  - c. Faculty Update: Update from Mr. Hasty regarding lockdown. He was very complimentary of all emergency personnel involved, staff and students. Reflecting on the situation as a whole protocols were followed, students were updated quickly and protocols were very successful. Any concerns from parents, students and staff were addressed the following day. Individual teachers and students were spoken to today to clarify any further issues. The following concerns are also being addressed: need for more buckets, possible need for food and water, review the difference between shelter in place and active threat with staff, will allow students to send one text to inform parents of issues. Gave updates on the students involved in the incident, none will return to OHS.
  - d. Teacher: Speak to students again about not using social media in emergency situations. Students did as trained and were cooperative.
  - e. ELAC Update: No Updates
5. Unfinished business
  - a. Site Council Goals: closely reviewed and updated last year

- b. Goals regarding parent outreach and college prep adjusted due to funding for online program
  - c. Suggestion from parent: adding a goal to increase communication, resources and inclusion with Special Education students and parents
  - d. Suggestion to include something to help examine the academic and social/emotional needs and wellbeing of our LGBTQ+ subgroups on campus
  - e. Review of concentrator courses in CTE courses (sequence of three courses: intro to capstone)
    - i. Suggested change: change “concentrator” to “capstone” to continue pushing the development of our CTE programs.
    - ii. Consider adding the needed courses to the AP Diploma and continue the focus on developing capstone courses
  - f. All other goals reviewed and passed
6. Report on Meetings Attended
7. New Business
8. Announcements
- a. Next Meeting: March 5 (Monday), 2018 at 5 p.m. (May not meet in March. Must meet in April)
  - b. Other Meetings:
  - c. Special Events: 1/26 ASB Elections; 1/29 One Lunch Collaboration Day/Club Rush; 2/2 Rally Schedule; 2/3 Winter Ball
